<p>Action Text: MOTION: ORTIZ/WALLACE to adopt the AC Transit Clean Corridors Plan 2020, which updates the original Clean Corridors Plan, to coordinate the rollout of zero-emission buses to equity goals while considering vehicle range. The motion carried by the following vote:</p> <p>Notes: Service Planning Manager Michael Eshleman presented the staff report.</p> <p>Director Shaw asked if staff factored a city's climate action plan into their recommendations. Mr. Eshleman advised that staff is working with cities to ensure everyone is working together to meet local, regional and state climate goals.</p> <p>Director Harper questioned whether it made sense for current blocks and routes to have that much impact over the next 20 to 30 years, noting that when Division 3 was closed, buses operated out of other divisions. He encouraged staff to take a broader view of facility usage and fuel cost, rather than current blocks and routes. Mr. Eshleman advised that blocks and routes were more important now and would become less important as time goes on.</p> <p style="text-align: right;">Ayes: 7 Vice President Ortiz, President Wallace, Director Harper, Director Williams, Director Peeples, Director Young, Director Shaw</p>
