

## COVID-19 UPDATE October 2021

### CONTINUED OPERATOR SAFETY IMPROVEMENTS

#### TRANSPORTATION

- Provided shuttle service to the D4 Vaccination Clinic
- Each Division continues to issue PPE on a daily basis
- Daily masking requirements reminder through the Transit Control Head (TCH)
- Weekly conference calls related to the health and safety of each Division
- Road Supervisors carry PPEs for bus mask refilling and operator needs
- Maintaining social distancing within each Division

#### MAINTENANCE

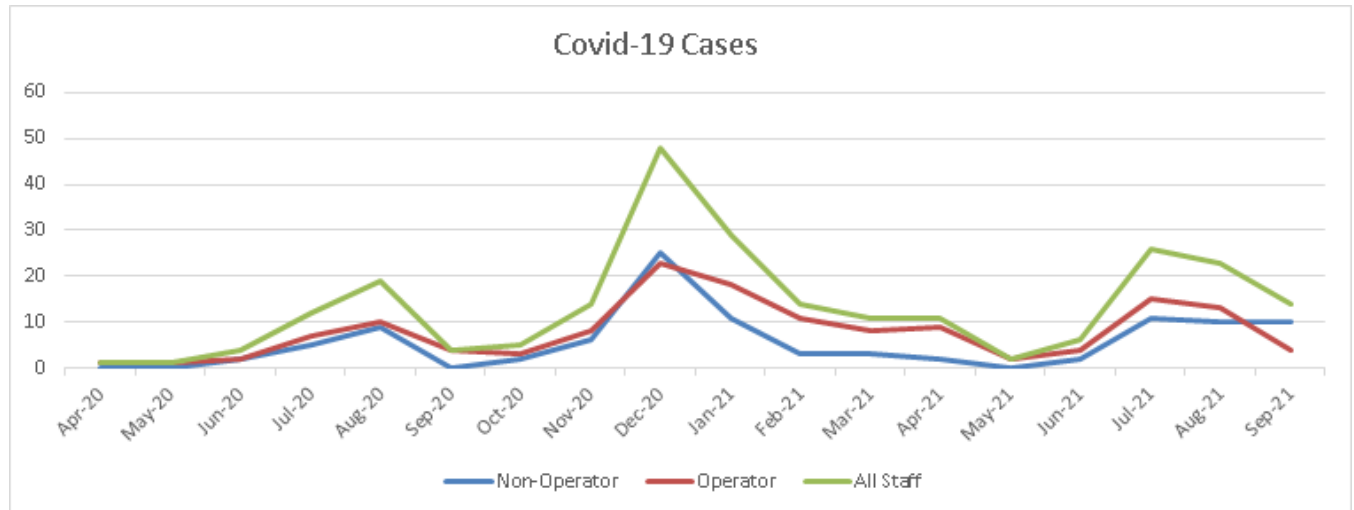

- COVID-19 barrier latching mechanism is still being re-evaluated due to operator repetitive motion complaints
- An operator survey evaluating the two types of latching mechanisms has been completed
- Preferred barrier is being evaluated for further modification
