Percent of Service Area Residents Covered - 70% of population within ¼ mile of local service and 25% of population within ¼ mile of high-frequency service (85% and 40% for EPCs, respectively)

Frequency- Minimum frequency for the PRN at every 30 minutes with other local service set at every 60 minutes.

Span of Service - Minimum span of service of 6:00AM to 10:00 PM for the PRN. Other local service has a minimum span of service of 7:00 AM to 7:00 PM.
