Plan Sponsor and Activity Description	AC Transit Involvement	Plan Phase	Meetings and Next Steps
<b>ALAMEDA COUNTY</b>			
<p><b>Alameda County Transportation Commission (ACTC)</b></p> <p><b>Multimodal Corridor Study - San Pablo Avenue Phase II</b></p> <p>Prepare a near-term plan for side running transit lanes with Class IV (protected) bicycle lanes and other improvements along San Pablo Avenue, from Oakland to southern Berkeley.</p>	<p>TAC member working with ACTC to assure that the plan proposes changes to improve transit operations and passenger experience. Concerns are paratransit access, adequate bus stop lengths, right-turn conflicts, and traffic signal operations.</p>	<p>Design development and refinement.</p>	<p>AC Transit and ACTC staff holding subject area workshops concerning bus stop locations, stop amenities, paratransit provisions, and signals.</p> <p>Staff reviewing technical documents including traffic signal plan and public outreach materials.</p> <p>Storefront outreach conducted previously, ACTC scheduled to conduct additional public outreach in spring 2024.</p>
<p>ACTC - Oakland Alameda Access Project (OAPP)</p> <p>The project, when complete, is intended to reduce traffic congestion in Oakland Chinatown and near the entrances/exits of the Posey and Webster tubes. This is expected to reduce delays to buses connecting Oakland and Alameda.</p> <p>The OAAP would remove or modify existing freeway ramps, modify the Posey Tube exit in the City of Oakland, build a new 6<sup>th</sup> Street connecting Oak Street to Broadway, install various multi-use paths to improve bicycle and</p>	<p><b>Stakeholder</b></p>	<p>ACTC’s consultant has prepared the 100% plan set for review by District staff.</p>	<p>Staff is currently in discussions with ACTC and the City of Alameda on mitigation of impacts to bus service. The major negative aspect of the project would be long term lane closures in the Posey and Webster Tubes, delays to bus service and potential bus detours. Individual bus stops may be closed during sidewalk and curb ramp construction. Staff will continue to work with the project engineers to minimize inconvenience to our riders, provide timely announcements to Operations and the provision of transit access priority to and from the tubes through temporary bus lanes, alternative</p>

Plan Sponsor and Activity Description	AC Transit Involvement	Plan Phase	Meetings and Next Steps
<p>pedestrian access between Alameda and Oakland, and implement complete streets improvements to facilitate mobility across I-880 between downtown Oakland and Jack London Square neighborhoods.</p> <p>The project consists of the following elements:</p> <ol style="list-style-type: none"> <li>1. A new horseshoe connector under I-880 at Jackson Street.</li> <li>2. Rebuild the existing WB I-980/Jackson Street off-ramp.</li> <li>3. Remove the existing NB I-880/Broadway off-ramp viaduct structure, bridge deck and support columns.</li> <li>4. Widen the NB I-880/Oak Street off-ramp.</li> <li>5. Modify the 5<sup>th</sup> Street/Broadway access to the Webster Tube.</li> <li>6. A new through 6th Street connecting Oak Street to Broadway.</li> <li>7. A two-way bicycle/pedestrian walkway from Webster Street in Alameda to 6<sup>th</sup> Street in Oakland through the Posey Tube and from 4<sup>th</sup> Street in Oakland through the Webster Tube</li> </ol> <p><u>Webster Street Tube Specifics</u></p> <ul style="list-style-type: none"> <li>• Place temporary barrier along the lane line.</li> <li>• Construct widening improvements.</li> </ul>			<p>access routes, and transit signal pre-emption outside of pedestrian zones.</p> <p><b>Possible mitigation may include signal timing modifications on approach streets to the tubes, temporary bus lanes on Webster Street in Oakland, extension of Broadway bus lanes to 3<sup>rd</sup> Street, car turn restrictions at Broadway/7<sup>th</sup> Street. Bus only lanes on 7<sup>th</sup> Street between Broadway and Webster. Most mitigation measures would be in the City of Oakland and ACTC will coordinate efforts with the city.</b></p> <p><b>Other coordination will focus on bus detours and public communication during the different construction phases.</b></p>

Plan Sponsor and Activity Description	AC Transit Involvement	Plan Phase	Meetings and Next Steps
<p><u>Posey Tube Specifics</u></p> <ul style="list-style-type: none"> <li>• Long-term closure of the No. 1 Lane. Posey Tube</li> <li>• Place temporary barrier in the No. 2 Lane resulting in long-term closure.</li> <li>• Long-term closure of the pedestrian path and detour to Webster Street Tube.</li> </ul>			
<p>ACTC &amp; Contra Costa County Transportation Authority - Bi-County Travel Model</p> <p>New activity-based travel demand model will be used to evaluate transportation projects like freeway widening, transit priority infrastructure like BRT and policies like roadway tolling and transit fares.</p>	<p>Participating in Technical Working Group.</p> <p>District role is to provide transit ridership data to assist in model calibration and to review of work products</p>	<p>Transportation model development</p>	<p>Quarterly meetings between staff at various agencies.</p>
<p><b>ACTC - San Pablo Avenue Safety Enhancements</b></p> <p>Prepare a near-term plan for bike, pedestrian, and transit improvements along San Pablo Avenue, from Berkeley to Albany</p>	<p>Stakeholder. San Pablo Avenue is Major Corridor for AC Transit.</p>	<p>ACTC prepared preliminary design. Various stakeholders are providing input on the design.</p>	<p>ACTC meets with stakeholder agencies as needed basis. ACTC and AC Transit staff last met in January 2023.</p> <p>ACTC conducted public outreach activities between December 2022 and March 2023. ACTC is currently developing 65% design and working with Caltrans to get approvals.</p>

Plan Sponsor and Activity Description	AC Transit Involvement	Plan Phase	Meetings and Next Steps
<p><b>ACTC - I-580 Transit and Multimodal Strategy (TAMS)</b>                      Multimodal plan to improve person throughput along Interstate 580 from the San Joaquin County board westward to the San Francisco-Oakland Bay Bridge. Includes Macarthur Boulevard.</p>	<p>TAC member. Key component of this project is express bus service planning.</p>	<p>Concept Development: Meeting held 12/7/2022 to review transit assessment (current conditions) and transit-specific project concepts.</p>	<p>No meetings scheduled.</p>
<p><b>ACTC East Bay Greenway Project</b>                      Multimodal project to improve bicycle and pedestrian connectivity from Lake Merritt BART to South Hayward BART. Includes Mission/East 14<sup>th</sup> Street transit corridor project.</p>	<p>Stakeholder. Project includes bike/ped and safety improvements along major transit corridors.</p>	<p>Design phase. Various stakeholders are providing input on the design.</p>	<p>Continued coordination with ACTC staff as the design is further refined. Design is in the 65% phase for the Lake Merritt to Fruitvale segment and San Leandro segment. Concept design for the Hayward segment is expected to be completed in February 2025. Staff is participating in ACTC’s Working Group for the Hayward segment.</p>
<p><b>CONTRA COSTA COUNTY</b></p>			
<p><b>CCTA Integrated Transit Plan</b>—Countywide transit plan to better coordinate services of the 4 bus operators in county, develop a plan for service improvement and physical improvements. Plan to be incorporated in Countywide Transportation Plan, which would be the basis of possible CCTA revenue measure.</p>	<p>Project Oversight Committee (transit agencies) participant. We will seek to harmonize Network Realign and ITP recommendations.</p>	<p>Project consultant work initiated.</p>	<p>Initial work is preparing market assessment and developing outreach plan. In person and online public engagement planned.</p>
<p><b>CCTA County-wide Smart Signals Project</b> – plan to upgrade signals along important</p>	<p>TAC member</p>	<p>Deployment schedule, ops/maintenance plan under development.</p>	<p>No public meetings scheduled.</p>

Plan Sponsor and Activity Description	AC Transit Involvement	Plan Phase	Meetings and Next Steps
arterial streets to improve safety and support transit operations.		Concept of Operations complete.	
<b>CCTA, WCCTAC</b>  <b>West Contra Costa County Action Plan Routes of Regional Significance</b> —Identifies and develops a plan, policies and actions for regionally significant road, transit, and bike routes in West County. Policy document for WCCTAC.	Technical Advisory Committee participant worked to assure that appropriate (all) AC Transit routes were included as regional routes, and appropriate policies were developed for these routes.	WCCTAC Board approved Action Plan as amended on February 28, 2023. Information item to CCTA Board with other subregional Action Plans in April.	Approved Plan to be submitted to CCTA as part of Countywide Transportation Plan update, which may feed into a new tax measure.
<b>WCCTAC</b>  <b>Richmond Parkway Transportation Plan</b>	TAC Member	Planning and strategy development	Draft strategies presented to WCCTAC Board March 22. Pop-up meetings held in March and in April.
<b>BAY AREA RAPID TRANSIT (BART)</b>			
<b>BART, City of Berkeley</b>  <b>Ashby and North Berkeley BART Transit-Oriented Development (TOD) planning</b>	Assuring that transit access to the BART stations is maintained or improved through appropriate roadway and circulation patterns. Supporting TOD.	North Berkeley BART developer conducting stakeholder feedback	Ashby: City Council approves BART “term sheet” lays out proposed agreements about property ownership, community benefits, and roles and responsibilities for future development for the City, BART, and future developer(s). Necessary step to move towards a developer selection process.  North Berkeley: In 2023, AC Transit and BART worked on the circulation plan. 2024, the City will

Plan Sponsor and Activity Description	AC Transit Involvement	Plan Phase	Meetings and Next Steps
			be reviewing the developer’s application. Groundbreaking in mid-2025
<b>BART, City of Fremont</b>  <b>Irvington BART Station Project</b>	Stakeholder: assuring that the plans for the new transit center adequately accommodate AC Transit operations	BART provided 90% design plans to AC Transit for review (November 2022)	Meeting schedule not identified.  BART is pursuing more funding for design; the very earliest the station could be built is 2030
<b>OAKLAND</b>			
<b>City of Oakland</b> <b>Downtown Oakland Specific Plan</b> Review land use planning, urban design, and circulation in Downtown Oakland. Will incorporate NACTO Transit Accelerator concept on Broadway.	Major stakeholder and participant in TAC; Assuring that the circulation network in the Plan provides adequately for bus transit.	Integrating public comments into a revised zoning amendments package	Zoning Update Committee hearing in May. Revised zoning, final Downtown Oakland Specific Plan & Environmental Impact Report (EIR) to the <a href="#">Landmarks Preservation Advisory Board (LPAB)</a> , <a href="#">Planning Commission</a> , Community and Economic Development Committee (CED) & <a href="#">City Council</a> beginning Fall 2023. No meetings scheduled.
<b>City of Oakland</b> <b>Oakland General Plan Update (Oakland 2045 General Plan)</b> —Citywide plan for housing, economic development, transportation. Required by state law.	TAC member and stakeholder; assuring that the Plan makes strong provision for surface transit.	Major package of Planning Code (zoning) amendments scheduled for Planning Commission in August, City Council in September, along with Final FIR, Environmental Justice	Council Community and Economic Development Committee feedback on Planning Code amendments on July 11, 2023. Final Update goes to Council July 2026. No meetings scheduled.

Plan Sponsor and Activity Description	AC Transit Involvement	Plan Phase	Meetings and Next Steps
		and Safety Elements, August, and City Council in September	
<b>City of Oakland Grand Avenue Complete Streets Project</b>	Stakeholder	Bus Lanes, formerly recommended by City, have been removed from upcoming paving project.	City to do paving project, AC Transit follows with transit project. Working with City @ 35% design, on bus stop lengths and designs.
<b>City of Oakland/ACTC MacArthur Smart City Corridor</b> —Signal retiming, Transit Signal Priority, and bus stop consolidations and relocations on 40 <sup>th</sup> St. and Macarthur Blvd. from Market St. to 98 <sup>th</sup> Avenue_	Stakeholder, goal is to gain maximum benefit for transit travel time. Some AC Transit stop recommendations not incorporated into project	Ongoing design. Phase I is Park Blvd.-98 <sup>th</sup> Ave. Phase II is 40 <sup>th</sup> St. from Market to Broadway, then Macarthur Blvd. to Park Blvd.	No public meetings scheduled. AC Transit staff have provided comments. Designs for Phase I are at 100% so construction is expected soon. District staff have reviewed Phase 2, 95% drawings.
<b>City of Oakland Martin Luther King Junior Way Paving Project</b> ---Road diet and bus/bike lanes on MLK Jr. Way from 55 <sup>th</sup> Street to Berkeley border.	Stakeholder. City project is likely to reduce speed and reliability on this segment	Preliminary design, moving to more detailed design.	No public meetings scheduled. AC Transit staff have provided comments. City is currently in the 35% design phase.
<b>City of Oakland Foothill Boulevard paving project</b> — Includes bike lanes in some sections, City is seeking speed cushions_	Stakeholder. To ensure that project does not impede bus operations and that it is compatible with upcoming AC Transit	Request for Qualifications to be issued shortly.	Ongoing coordination with Oakland staff. No outreach meetings currently scheduled.

Plan Sponsor and Activity Description	AC Transit Involvement	Plan Phase	Meetings and Next Steps
	Foothill corridor planning project.		
<p><b>City of Oakland</b>  <b>Other Streetscapes &amp; Paving</b></p> <p><u>Streetscape</u>                  27<sup>th</sup> St., Lakeside Family Streets, 14<sup>th</sup> Street Complete Streets, LAAMPS Phase 2, 7<sup>th</sup> St. Upgrades, 73<sup>rd</sup> Ave Complete Streets, Chinatown Complete Streets Planning Study</p> <p><u>Other Paving</u>                  Lake Merritt Blvd., High St., Upper Telegraph, KONO, Grand Ave., Seminary, 98<sup>th</sup> Ave., Lakeshore, 14<sup>th</sup> Ave.</p>	Stakeholder. Multiple streetscapes, road diet and other safety projects. Ensuring improvements are compatible with bus operations and that facilities are safe and comfortable for bus passengers.	Varies – mostly planning and design	No upcoming meetings. 14 <sup>th</sup> Street is in construction.
<p><b>City of Oakland</b>  <b>Broadway Streetscape Project + Embarcadero Road closure</b></p>	Design meetings for transit only lanes, delineators, and bus stop consolidation. Evaluations for re-routing of Line 12 on Embarcadero in Jack London Square	Varies – mostly planning and design	Ongoing coordination with Oakland staff. No outreach meetings currently scheduled.

Plan Sponsor and Activity Description	AC Transit Involvement	Plan Phase	Meetings and Next Steps
<b>BERKELEY</b>			
<b>City of Berkeley Hopkins Corridor Traffic and Placemaking Study</b> —Plan to install bicycle lanes, reduce parking, install bus boarding islands	AC Transit staff provided comments March, 2023	Adopted by City Council but revising plans due to neighborhood issues	Project on indefinite hold due to staffing constraints and staffing changes.
<b>City of Berkeley Telegraph Avenue Multimodal Corridor Study</b>	Technical Advisory Committee member	Conceptual design phase.	Project kick-off in late Fall 2024
<b>City of Berkeley South Adeline Transportation Plan</b> — Plan for Adeline St. Roadway from Ashby BART south to Berkeley border	Coordination Meetings as needed	City staff is wrapping up contract negotiations with a consultant.	Late Summer 2024 consultant and partner agency kick-off planned.
<b>City of Berkeley - San Pablo Avenue Specific Plan</b>  The plan boundary is San Pablo Avenue and most of the parcels are part of existing West Berkeley Commercial district (C-W). The Study Area includes adjacent neighborhoods with strong relationships to San Pablo Ave area. Plan topics include zoning, density, housing, retail, building form, ground floor retail, streetscape, and placemaking.	<b>TAC Member</b>	<b>Land use plan</b>	<b>2<sup>nd</sup> Technical Advisory Group Meeting (TAG), met May 22, 2024</b>

Plan Sponsor and Activity Description	AC Transit Involvement	Plan Phase	Meetings and Next Steps
<b>City of Berkeley Southside Complete Streets Project</b>	Construction Coordination	Construction	Construction wrapping up end of October 2024.
<b>ALBANY AND EL CERRITO</b>			
<b>City of El Cerrito El Cerrito del Norte Complete Streets.</b> City to reduce traffic lanes and add bike lanes and crosswalks to San Pablo and Cutting and San Pablo and Hill Street.	Stakeholder	City presented initial designs to multiple transit agencies serving Del Norte station. Staff working to resolve AC Transit specific impacts.	Staff continue to work with city to minimize negative impacts to transit operations, particularly delays at Hill Street resulting from bike lane design and queue jump removal. Working with city to develop traffic signal-based mitigation. <b>Currently under construction.</b>
<b>City of El Cerrito El Cerrito Plaza BART TOD &amp; Streetscape</b>	Stakeholder	City developing plan for streets near station. May reconfigure Central Avenue or close Fairmont Avenue.	Staff have begun work with city to minimize impacts to 72 and 72M service.
<b>RICHMOND</b>			
<b>City of Richmond Hilltop Horizons (Hilltop Mall area) Specific Plan).</b> Specific Plan for redevelopment of Hilltop Mall and surrounding area.	TAC member	Draft Concept Plan being developed.	City is finalizing land use plan for Hilltop Mall for November 2024 for early input. <a href="https://hilltophorizon.com/">https://hilltophorizon.com/</a>

Plan Sponsor and Activity Description	AC Transit Involvement	Plan Phase	Meetings and Next Steps
<b>SAN PABLO</b>			
<p><b>City of San Pablo</b> San Pablo TOD Plan (transportation, open space, and development) Plan combines land use, transportation, and sustainability with a focus on areas available for development, major streets, and creek daylighting.</p>	<p>TAC member, seek clarifications on San Pablo Avenue development goals and changes to street design</p>	<p>Draft plan completed.</p>	<p><a href="https://www.sanpabloca.gov/DocumentCenter/View/16785/San-Pablo-TOD-Master-Plan_DRAFT-011024">https://www.sanpabloca.gov/DocumentCenter/View/16785/San-Pablo-TOD-Master-Plan_DRAFT-011024</a>  <b>Final Plan Adopted Feb 5<sup>th</sup>, 2024</b></p>
<b>ALAMEDA (CITY)</b>			
<p><b>City of Alameda</b> <b><u>Mecartney Road/Island Drive Improvement:</u></b> Designing a modern roundabout to improve safety and traffic flow.</p>	<p>Stakeholder</p>	<p>City staff consulted with AC Transit staff on design alternatives; Transportation Commission recommended approval of the roundabout concept.</p>	<p>Awaiting action by city council; will continue to collaborate with city staff and consultants as concept is further refined.</p>
<p><b>Cities of Alameda and Oakland</b> <b><u>Oakland – Alameda Estuary Bridge:</u></b> Development of a Project Initiation Document for a new bicycle/pedestrian bridge between Alameda and Oakland</p>	<p>Stakeholder</p>	<p>Project Initiation Document (PID) phase</p>	<p>Meeting schedule not identified. Staff will continue to participate in Technical Advisory Committee meetings. Last TAC meeting was in August 2023. PID results (crossing alternatives) anticipated in early 2024. <a href="https://estuarybridge.org/">https://estuarybridge.org/</a></p>

Plan Sponsor and Activity Description	AC Transit Involvement	Plan Phase	Meetings and Next Steps
<b>CASTRO VALLEY</b>			
<p><b><u>Alameda County, Castro Valley Business District Specific Plan (CVBDSP):</u></b> Update to 1996 Castro Valley Business District Specific Plan</p>	Stakeholder	Plan project team has developed Existing Conditions Report.	Plan team presents regularly to the Castro Valley Municipal Advisory Committee <b>and holds community workshops (most recently in August 2024). The Preferred Plan and Policy Framework is anticipated to be complete by Fall 2024, and Public Review of the Draft Specific Plan and EIR is anticipated to take place in Spring 2025.</b> Target date for completion of the final Specific Plan is <b>Winter 2025.</b>
<b>FREMONT</b>			
<p><b>City of Fremont</b> <b><u>Active Transportation Plan:</u></b> Five-year strategic plan with recommendations for active transportation (bicycle and pedestrian) improvements throughout the city.</p>	Stakeholder	City has initiated plan development and community outreach.	City expects to circulate the draft Active Transportation Plan in <b>Fall/Winter 2024. An Open House for the ATP is tentatively expected to take place in December 2024.</b> Final City Council approval and plan adoption targeted for <b>Early 2025.</b>
<p><b>City of Fremont</b> <b><u>Centerville Complete Streets:</u></b> Streetscaping for Fremont Blvd in the Centerville District.</p>	Stakeholder	Pilot project has been completed, Design for permanent project ongoing.	City is creating final design. Staff is coordinating with the City on potential bus stop relocations as part of the project.
<p><b>City of Fremont - <u>Decoto Road Complete Streets Project:</u></b> Bus lanes and improved passenger waiting facilities on Decoto Road between Paseo Padre and I-880</p>	Stakeholder	Project is dependent on implementation of Quarry Lakes Parkway.	Final design completed Summer 2023. City seeking construction funds.

Plan Sponsor and Activity Description	AC Transit Involvement	Plan Phase	Meetings and Next Steps
<p>Multiple Sponsors including Fremont, Newark, Union City, San Mateo County Transportation Authority (SMCTA), San Mateo County Transit District (SMCTD) Bay Area Toll Authority (BATA) and ACTC- Dumbarton Corridor Improvements</p> <p>The project is composed of multiple projects including those recommended in the Dumbarton Corridor Transportation Study and improvements to facilitate rail and transit connectivity between the Altamont Corridor Express, Capitol Corridor, and BART, including a rail connection at Shinn Station.</p> <p>Transit supportive elements of the allocation include the following:</p> <ol style="list-style-type: none"> <li>1. Union City BART East Entrance &amp; At-Grade Crossing, Union City</li> <li>2. Decoto Road Complete Streets, Fremont (see above)</li> <li>3. I-880/Decoto Interchange Modernization, Fremont</li> <li>4. San Mateo Dumbarton Busway, SamTrans</li> <li>5. Dumbarton Forward Operational Improvements, BATA</li> </ol> <p>Roadway and active transportation-focused projects include the following:</p> <ol style="list-style-type: none"> <li>1. Quarry Lakes Parkway, Union City</li> </ol>	<p><b>Stakeholder</b></p>	<p>Funding awarded. MTC Resolution No. 4411 awards \$130 million to RM3 Project #17 for Dumbarton Corridor Improvements including Decoto Road transit improvements among other projects in the Dumbarton Bridge corridor.</p> <p>The award will fund planning, environmental review, design, and construction of capital improvements within Dumbarton Bridge and rail corridor in Alameda and San Mateo Counties.</p>	<p>No meetings scheduled</p>

Plan Sponsor and Activity Description	AC Transit Involvement	Plan Phase	Meetings and Next Steps
2. Thornton Avenue Complete Streets & Bay Trail, Newark 3. Dumbarton Bridge To Quarry Lakes Trail, Fremont 4. 101/84 Interchange Reimagined Redwood City/SMCTA			
<b>NEWARK</b>			
<b>City of Newark</b> <u>Central Avenue Overcrossing</u> : Overcrossing along Central Avenue over the existing Union Pacific railroad at existing grade crossing.	Stakeholder	City shared conceptual layout and potential construction detour routes; also consulted about potential bus stop relocations.	Meeting schedule not identified.  Will continue to collaborate with city staff and consultants as concept is further refined.
<b>City of Newark</b> <u>Old Town Complete Streets Improvement Project</u> : Complete Street/multimodal improvements in the Old Town PDA	Stakeholder	City staff provided conceptual plans for review; AC Transit staff provided feedback on a bus stop relocation.	Meeting schedule not identified.  Continued collaboration with city staff and consultants as concept is further refined.
<b>City of Newark</b> <u>Active Transportation Plan</u> : Update to the City's 2017 Pedestrian and Bicycle Master Plan	Stakeholder	City staff has initiated the community engagement phase	AC Transit will participate in 3 advisory group meetings over the course of the project. Advisory Group Meeting #1 occurred in September 2023. Advisory Group Meeting #2 occurred in April 2024.
