Transportation

Grand Avenue Complete Streets Paving

Eastbound Reliability - Line NL

Westbound Reliability - Line NL

In both the eastbound direction (in the PM peak), and the westbound direction (in the AM peak), the Broadway to MacArthur segment of Grand Avenue is a bottleneck for AC Transit's Transbay Line NL and local Line 12, which together carry 3200 passengers per day between MacArthur and Broadway.

LINE	WEEKDAY RIDERS IN PROJECT CORRIDOR
12	1,050
33	1,220
NL	2,150
Total	4,420

Source: AC Transit, 2019 Weekday Ridership Data

- **Location:** Grand Ave b/w Broadway and MacArthur
- **Scope:** Planning and outreach to coordinate roadway improvements with repaving. Studying transit-only lanes and protected bike lanes.
- **Status:** Planning
- <https://www.oaklandca.gov/projects/grand>
