

We are excited to kick off the New Year with all of you! Our first ZEBRA 2020 in-person meeting will be [February 19 & 20 in Seattle, WA](#), and hosted by King County Metro (meeting room location TBD). This will be the ZEBRA Infrastructure Roundtable, the second installment in our ZEBRA roundtable series following the OEM Roundtable we held in September 2019. This meeting will bring infrastructure providers from both the hydrogen and battery electric sides of the market into the room with ZEBRA membership for an unmatched opportunity to openly discuss the technologies and fleet solutions they offer.

Please use the following form to RSVP to the meeting. Each person from your transit agency should fill out this form if they plan to attend.

[**Click here to RSVP**](#)

More meeting logistics will be provided soon, including an invite for you to send non-ZEBRA transit agencies that may be interested in attending the meeting and joining ZEBRA. You can also find a rough outline of the working agenda below.

Day 1

8:30am: Breakfast
Infrastructure Providers #1 - #4
Lunch
Infrastructure Providers #5 - #8
5pm Adjourn

Day 2

8:30am: Breakfast
Infrastructure Providers #9 - #12
Lunch
Infrastructure Providers #13 - #16
5pm Adjourn
Tour of host transit agency ZEB operations

Please do not hesitate to reach out to me with any questions or concerns you may have (taylor@cte.tv or 262-232-2089).

We are looking forward to seeing you all there!

Best,

Taylor Pitel
