

TRAVEL REPORT - PRESIDENT SHAW

CTA FALL CONFERENCE November 5-7 Long Beach

Sessions started on Wednesday with committee meetings in the morning and key note in the afternoon. Good committee meetings learning about the tariffs and also about the new law on workplace violence. County Connection was a big part of this effort and have a lot of templates that can be used by other agencies.

Opening Keynote was Sec Buttigieg who is a great speaker and someone who continues to inspire me. A real down to earth guy who I think could do great things for this country.

Several different sessions on Thursday and Friday. For the first time there was a session on Becoming Mindful of differences with neurodivergent community. It provided some basic design principles to think about including color, materials, textures, and reflective surfaces.
