Board of Directors - Regular Meeting	09/09/2020	Adopted				Pass
Action Text:	MOTION: SHAW/PEEPLS to adopt Board Policy 411 Tempo Platform Camera Use Policy, prescribing the use of Tempo platform cameras. The motion carried by the following vote:					
Notes:	General Counsel Jill Sprague presented the staff report, explaining the process used to develop the policy with the help of privacy advocates.					
Public Comment:	<p>Megan Steffen expressed concern about the policy stating the review by the “unnamed private advocacy” was not a gloss for public engagement and explained her reasons why the current planned policy lacks controls to prevent abuse of privacy. It was requested that the Board go back to square one and adopt an ordinance similar to those adopted by other transit agencies.</p> <p>Yvonne Williams, President of ATU Local 192, agreed with public speaker Steffen, saying that ATU was not invited to the table for discussion of this matter. Ms. Williams went on further to say that cameras themselves do not provide a level of safety.</p> <p>Hayden Miller expressed his belief that security cameras do not prevent crime and that privacy abuses of the cameras could happen. It was requested that the Board reject the policy.</p> <p>Tracy Rosenberg identified herself as part of the unnamed private advocacy group,</p>					

saying that the policy was a good policy as presented, but supported public inclusion and advised that public concerns brought today provide reason to postpone adoption of the policy before more public inclusion.

Director Harper believed the draft policy struck a balance between what privacy advocates wanted and the District's interests. He added that he was surprised by ATU's comments as many times in the past, the cameras on the bus exonerated the bus operator in claims brought against the District.

Ayes: 6 Vice President Ortiz, President Wallace, Director Harper, Director
Peeples, Director Young, Director Shaw
Nayes: 1 Director Williams
