Board of Directors - Regular Meeting	06/08/2022	Received				Pass
<p><b>Action Text:</b> MOTION: ORTIZ/PEEPLS to receive a report regarding the impacts of AB 784 on the permitting process for District capital projects. The motion carried by the following vote:</p> <p><b>Notes:</b> Director of Capital Projects Joe Callaway presented the staff report. There was no public comment offered.</p> <p>Director Peeples commented in support of the bill as it relates to in-house permitting services; however, he asked for the staff's attentiveness in maintaining and developing solid working relationships with local jurisdictions. Director Peeples further commented that a written policy is needed to outline the District's communications with local jurisdictions and solicit their comment on AC Transit projects that would require permitting and inspection services.</p> <p>Vice President Young wanted to know more about the practicalities of in-house inspections and permitting. Mr. Callaway explained that the plan is to hire a permit manager to manage the services instead of on-call engineers, which would yield significant savings in the long run.</p>						

Ayes: 7 President Ortiz, Vice President Young, Director Walsh, Director Beckles,  
Director McCalley, Director Shaw, Director Peebles
