Coverage:

- Responsible for AC Transit Lines from Fremont-Albany.
- Short response times (average less that 5 minutes from time ACSO dispatches).
- If we are an extended distance from a call, i.e. Fremont, FPD will respond- what's <u>NOT</u> depicted in stats is the time an actual police officer arrives on scene, only stats once ACTPS arrives.
- As a reminder, we must adhere to all traffic laws, unless we can justify an emergency response, which is authorized by a supervisor.
- Per AC Transit's request, staff members are stationary from midnight until 4 AM at Transfer Locations (San Leandro BART and 20th Street @ Broadway)

Sideshow Activity

Respond about three nights per month

Obtain and share intelligence regarding sideshow activity prior to activity starting.

Coordinate with AC Transit personnel to re-route buses and we provide different route options

Have helped rescue AC Transit drivers and their buses within the past few months

Collaborate with CARES

CARES: "Community Assessment, Referral and Engagement Services"

Navigation Center that diverts individuals away from jail and the criminal justice system and into supportive services

Services Provided: Respite, peer counseling, housing and employment services, mental health referrals, and substance use treatment referrals

Why is it so important for ACTPS: Demonstrates our care for the community and offering other avenues, aside from jail, to assist our community members/riders with needs

Great tool to offer someone refusing to get off the bus that may be unhoused, suffering from possible mental health issues and they do not need an emergency psychiatric hold.
