

Bus Procurements

- (10) 40' New Flyer Low Floor Fuel Cell Buses.
The first article FCEB arrived at the District December 2018. All ten buses should be received by July 2019.
- (5) 40' New Flyer Low Floor Battery Electric Buses – The first bus arrived in April 2019. All five buses should arrive by July 2019.
- (1) New Flyer 60-foot Fuel Cell Electric Bus – The one articulated bus arrived in April 2019 for a sixteen-month test at AC Transit as part of a CalAct / New Flyer grant recipient. Once an agreement is signed the bus will begin revenue service.
- 45-foot High Capacity Commuter Buses– Staff released the RFP for the 45-foot commuter bus (with a low floor ADA options). Bid proposals were received in April 2019. The Evaluation Committee is currently reviewing the one proposal received.
- (1) Gillig Diesel Hybrid Bus – One Gillig Diesel Hybrid bus is scheduled to be built during the first week in October 2019.
- (45) 40' Foot ZEB Buses – After the consultant reviews our District facilities and current ZEB technologies in December 2019 we would plan to purchase (45) ZEB buses.
