The House and Senate are both expected to be back in session on May 11. Negotiations regarding the next federal stimulus bill are ongoing.

The American Public Transportation Association (APTA) submitted to Congress a request of \$23.8 billion to enable transit systems to continue to operate through 2020. Congress provided \$25 billion to public transit in the CARES Act.

##### **State**

The State's Department of Finance has released a projected \$54 billion budget shortfall through next summer. Governor Newsom is preparing the required May Revise that will be released by May 15<sup>th</sup>. The Department of Finance has issued guidance to all state departments informing them that all aspects of the January budget will be reconsidered in preparation of a bare bones June budget that will be revisited in August. Additional bills that authors have confirmed as not moving forward this year are:

- AB 2176 (Holden) Free student transit passes: eligibility for state funding
- AB 2777 (Quirk) Alameda-Contra Costa Transit District
- AB 1839 (Bonta) Climate change: California Green New Deal
- AB 2057 (Chiu) San Francisco Bay area: public transportation

**Region**

On April 22 the Metropolitan Transportation Commission (MTC) voted to allocate \$781 million in CARES Act funds to transit operators. The Commission approved MTC staff's recommendation to allocate \$80.3 million to AC Transit. This is the first disbursement and represents approximately 61% of the total funds available, the second disbursement will be made in July. The commission established a Blue-Ribbon task force made up of MTC Staff, Commissioners, transit operators and advocacy groups to make disbursement recommendations for the second round based on a number of factors including issues of equity and use of initial funds. General Manager Michael Hursh will serve as a member of the task force.
