

DRAFT
ALAMEDA-CONTRA COSTA TRANSIT DISTRICT
NOTES TO SUPPLEMENTARY INFORMATION
For the year ended June 30, 2020
(In thousands)

NOTE 1 - BUDGETARY BASIS OF ACCOUNTING

The District's fiscal policies establish the framework for the management and control of the District's resources to ensure that the District remains fiscally sound. The District's goals and policies, which are approved by the Board of Directors, determine where and how District resources should be dedicated. For this reason, District goals, objectives, short and long-range planning and performance analyses are incorporated into the budget development process.

It is the policy of the District that the Board of Directors approves an annual budget prior to the beginning of each fiscal year. The budget is developed generally using the accrual basis of accounting. See the following section for a reconciliation of budget versus generally accepted accounting principles.

NOTE 2 - BUDGETARY BASIS DIFFERENCES

As discussed in Note 2, the accompanying basic financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP). The following is a summary of the differences between GAAP and budgetary basis:

- Perspective differences resulting from the Corporation and the Paratransit operations not budgeted.
- Capital outlay presented represents capital outlay funded by the District's operations and this is reported as an outflow of budgetary resources but is not considered an expense for financial reporting purposes.

The effect of these differences between budgetary and GAAP accounting on the June 30, 2020 basic financial statements of the District's budgeted fund is as follows (in thousands):

Change in net position on GAAP basis	\$ 732
Perspective differences	<u>3</u>
Change in net position on the budgetary basis	<u><u>\$ 735</u></u>

NOTE 3 - SCHEDULE OF REVENUES AND EXPENSE BY SERVICE AREA

As discussed in Note 1 to the financial statements, the District's basic financial statements include the financial activities of the District's Special Transit Service Districts No. 1 and No. 2. The amounts recorded in this schedule do not reflect paratransit activity and activity of the AC Transit Financing Corporation. The District's revenues between these Special Transit Service Districts are allocated based predominantly either on estimated actual revenues, farebox revenue allocations or on a ratio that uses service hours and service miles in Special Transit Service Districts No. 1 and No. 2. The District's expenses between these Special Transit Districts are allocated based predominantly either on operator wages or on a ratio that uses service hours and service miles in both Special Transit Service Districts No. 1 and No. 2.
