Bus Bridge Services
Concept of Operations

R65-Overall Service Plan with Bus Bridge Between Richmond and El Cerrito del Norte

Below is a description of the Concept of Operations to provide bus service during the R65 closures during the following planned dates:

- January 16-18
- January 30-31
- February 13-15
- February 27-28

Train and Bus Service
BART Maps:

Bus Route Between Richmond and El Cerrito del Norte

AC Transit will provide service for the direct route between Richmond BART Station and El Cerrito del Norte. Currently the 72M operates every 30 minutes between those two stations. The plan is to supplement that service with dedicated buses to improve frequency of departures from both stations to at least every 15 minutes. All Line 72M boardings at the two BART stations will be free and BART will pay AC Transit \$200 per day to cover lost fares.
